

Eide Bailly, ranked among the top 25 CPA firms in the nation and with offices in nine states, has Minnesota offices in Minneapolis and Mankato. Utilizing our extensive experience across multiple industries, Eide Bailly works with clients to help them achieve their business and financial goals. By gaining a full understanding of clients' needs, we are able to recommend ideas that measurably contribute to our clients' success and help them overcome challenges faster and seize opportunities sooner. In today's challenging environment – when companies strive to increase efficiencies and utilize resources more effectively – Eide Bailly works with companies to help them manage their operations at an optimum level.

Eide Bailly offers a full line of services, including assurance services, tax planning and preparation, business valuation, due diligence, forensic accounting, enterprise risk management, estate and wealth transfer services, internal controls assessment and testing and employee benefit plan administration.

Bryan Ross is a tax partner providing tax and consulting services to closely-held businesses and their owners. He has assisted client companies from the idea phase to their transition point. Bryan has specialized knowledge in providing tax and

business consulting services to companies and individuals in the arts, entertainment and sports industries.

Dave Stene is a partner providing audit and management consulting services to closely-held companies across multiple industries. Dave also provides intellectual property and business valuation services and has significant experience working with

clients on issues related to mergers and acquisitions.

Audit partner **Ty Inglis** has over 25 years of public accounting experience and works with publicly-held companies, commercial businesses and renewable energy entities. In addition to providing clients with audit services, he also provides consulting

services in such areas as buy/sell agreements, forecasts and projections.

Greg Barber is the partner in charge of Eide Bailly's Minneapolis office. He has over 25 years experience working with privately-held and publicly-traded companies in a variety of industries. Greg has specific expertise with issues related to family and

other closely-held businesses, including leadership and business succession, strategy and compensation systems.

Meredith Menden is a tax manager in Eide Bailly's Mankato office. During her time in public accounting, Meredith has provided tax compliance and consulting services to companies in the manufacturing, personal service and retail industries. She has

also worked on projects to address the strategic application of tax accounting methods and periods.
