

SLW**SCHWEGMAN
LUNDBERG
WOESSNER**

Schwegman, Lundberg & Woessner, P.A. was founded to provide patent prosecution services for start up and emerging businesses to well-established corporations and research institutions.

Today we represent a spectrum of Fortune 500 corporations and major universities, obtaining patents on inventions in the areas of software, electronics, biotechnology, computers, new drugs, medical technology, and material science.

We have developed and employ the most sophisticated proprietary systems to manage, control, and optimize patent prosecution.

The principal services of the firm are:

- Patenting High Technology
- Developing Intellectual Property Strategies
- Evaluating and Licensing Intellectual Property
- Registering Trademarks and Copyrights
- Providing Support for Intellectual Property Litigation
- Preparing Infringement and Validity Opinions
- Claim Mapping and Tracking
- Freedom to Operate and Portfolio Due Diligence

Timothy E. Bianchi is a patent attorney with a background in electrical engineering and physics. He counsels large and small companies in domestic and international patenting, opinions, patent licensing, and patent litigation. He is experienced in patenting medical devices, electronics, software, computer security, wireless monitoring, telecommunications, e-commerce, and business methods. Tim has engineering and

research experience from former employment with the University of Minnesota, IBM, and Honeywell. He is on the Board of Directors for the Minnesota IP Law Association and chairs AIPLA's Electronics and Computer Law Patent Prosecution Committee. Tim has been voted a Top 40 Intellectual Property Lawyer and SuperLawyer since 2004 by Minnesota Law and Politics Magazine.

Bradley A. Forrest is a registered patent attorney and first non-founding shareholder. His practice is focused on patent prosecution for complex technologies, IP counseling and IP strategy formation, and opinion work and licensing. Brad received his B.S.E.E. from the University of Minnesota and his J.D. from the University of Minnesota Law School. Previously, he was with IBM in Rochester, Minnesota, as counsel and manager of the Intel-

lectual Property Law Department, and was a division counsel and the copyright and trademark counsel for IBM worldwide in New York. Brad was president (2001-2002) of the Minnesota Intellectual Property Law Association, is a past committee chair of the Emerging Technologies Committee of the AIPLA, and is a past chair of the AIPLA Electronics and Computer Law Committee. He is an active international speaker and publisher on all areas of intellectual property protection.

Steven W. Lundberg is a registered patent attorney and a founding shareholder. His practice is focused on patent protection for software, medical and telecommunications technology, and related opinion and licensing matters. Steve received his B.S.E.E. from the University of Minnesota, and his law degree from William Mitchell College of Law. He has published and spoken widely on software and electronic patent

protection, and is active in the Computer and Electronics Committee of the American Intellectual Property Law Association. He is also co-editor of the treatise "Electronic and Software Patents: Law and Practice," published by BNA Books.

Gary J. Speier, Jr is a registered patent attorney focusing on chemical patent law, including pharmaceuticals, medical treatments, industrial chemicals, and process engineering, including related opinion and licensing matters. Gary received his undergraduate degree from Fordham University, his M.S. from Villanova and his law degree from Temple University. He is a member of the AIPLA, American Chemical Society, Licensing Executive Society, and Minneapolis Intellectual Property Law Association. Gary is permitted to practice law in Minnesota, New Jersey and Pennsylvania.

Warren D. Woessner is a registered patent attorney and a founding shareholder. His practice focuses on chemical patent law, including biotechnology, pharmaceuticals, vaccines, medical treatments, diagnostics, and agricultural and food chemistry, including related opinion and licensing matters. Warren received his B.A. in chemistry from Cornell University, his Ph.D. in organic chemistry and his law degree from the University of Wisconsin -

Madison. He also co-founded the Biotechnology Committee of the Minnesota Intellectual Property Law Association. Warren has published and spoken widely on legal topics and served as vice-chair of the Biotechnology Committee, and a member of the Amicus Committee.
